Explanation of Charges

Town Tax: A tax assessed by a municipality when applicable. All monies collected are paid to the municipality. Also referred to as municipal tax.

Sales Tax: A tax levied by the State of Illinois, when applicable, at the current rate. This tax is remitted to the state in accordance with state laws.

Power Cost Adjustment (WPCA): This charge reflects the difference between the actual cost of purchased power from the wholesale supplier and the base wholesale cost of power included in the energy charge.

Service Availability: A charge that recovers the fixed costs associated with providing services to the membership regardless of any kilowatt hours sold.

Energy Charge: A charge used to recover the Cooperative's contractual price of purchased power.

Distribution Charge: A charge that recovers the cost associated with the maintenance and operations of the distribution infrastructure.

Capacity & Transmission Charge: A charge that recovers the Cooperative's contractual costs associated with transmitting power from where it was generated to the cooperative's distribution substations.

Billed Demand Charge: A charge that recovers additional costs incurred by the cooperative to maintain a constant supply of electricity and reserve capacity for each account.

Terms of Payment: Each member is responsible for remitting payment for their monthly bill prior to the due date. A 5% penalty will be assessed on the current unpaid balance remaining after the due date.

Operation Round Up: Members may volunteer to round up their monthly electric bills to the next dollar to fund local community projects.
